**INFORMATION CIRCULAR
OF THE ANNUAL GENERAL MEETING OF SHAREHOLDERS
TO BE HELD ON NOVEMBER 27, 2018**

(Containing Information as at October 15, 2018 and in Canadian dollars, unless indicated otherwise)

PERSONS MAKING THIS SOLICITATION OF PROXIES

This Management Information Circular (“Circular”) is provided in connection with the solicitation by the management of Pacific Empire Minerals Corp. (the “Corporation”) of proxies (“Proxies”) and voting instruction forms (“VIFs”) from shareholders (“Shareholders”) of common shares of the Corporation (“Common Shares”) in respect of the annual general meeting of Shareholders (the “Meeting”) to be held at the time and place and for the purposes set out in the notice of meeting (the “Notice of Meeting”).

Although it is expected that the solicitation of Proxies and VIFs will be primarily by mail, Proxies and VIFs may also be solicited personally or by telephone, facsimile or other solicitation services. The costs of the solicitation of Proxies and VIFs will be borne by the Corporation.

The Corporation has given notice of the Meeting in accordance with the “Notice and Access” procedures of National Instrument 54-101 – *Communication with Beneficial Owners of Securities of a Reporting Issuer* of the Canadian securities administrators (“**NI 54-101**”). In accordance with NI 54-101, the Corporation has sent the Notice of Meeting and the Proxy or VIF, but not this Circular, directly to its registered Shareholders. Instead of mailing this Circular to Shareholders, the Corporation has posted the Circular on its website pursuant to the “Notice and Access” procedures of NI 54-101. Shareholders may request a paper copy of this Circular be sent to them by contacting the Corporation as set out under “Additional Information” at the end of this Circular.

Pursuant to NI 54-101, arrangements have been made with brokerage houses and clearing agencies, custodians, nominees, fiduciaries, banks, trust companies, trustees and their agents, nominees and other intermediaries (“**Intermediaries**”) to forward the Notice of Meeting and a VIF to each of the unregistered (beneficial) owners of the Common Shares held of record by Intermediaries that have consented to allow their addresses to be provided to the Corporation (“**NOBOs**”). The Corporation may reimburse the Intermediaries for reasonable fees and disbursements incurred by them in doing so.

The Corporation does not intend to pay Intermediaries to forward the Notice of Meeting and VIF to those beneficial Shareholders that have refused to allow their address to be provided to the Corporation (“**OBOs**”). Accordingly, OBOs will not receive the Notice of Meeting and VIF unless their respective Intermediaries assume the cost of forwarding such documents to them.

None of the directors of the Corporation have informed the Corporation’s management in writing that they intend to oppose the approval of any of the matters set out in the Notice of Meeting.

REGISTERED SHAREHOLDERS

Only persons registered as Shareholders in the Corporation’s Central Security Register maintained by its registrar and transfer agent or duly appointed proxyholders of registered Shareholders (“**Proxyholders**”) will be recognized, make motions or vote at the Meeting.

BENEFICIAL SHAREHOLDERS

The information set forth in this section is of significant importance as many Shareholders do not hold Common Shares in their own name.

If Common Shares are listed in an account statement provided to a Shareholder (a “**Beneficial Shareholder**”) by a broker, those Common Shares, in all likelihood, will **not** be registered in the Shareholder’s name. It is more likely that such Common Shares will be registered under the name of an Intermediary. Common Shares held by Intermediaries on behalf of a broker’s client can only be voted (for or against resolutions) at the direction of the Beneficial Shareholder. Without specific instructions, Intermediaries are prohibited from voting shares for the Beneficial Shareholders. **Therefore, each Beneficial Shareholder should ensure that voting instructions are communicated to the appropriate party well in advance of the Meeting.**

As provided for NI 54-101, the Corporation has elected to obtain a list of its NOBOs from Intermediaries and deliver proxy-related materials directly to its NOBOs. As a result, NOBOs can expect to receive a scannable VIF instead of a Proxy. A VIF enables a Shareholder to provide instructions to the registered holder of its Common Shares as to how those shares are to be voted at the Meeting and allows the registered Shareholder of those Common Shares to provide a Proxy voting the Common Shares in accordance with those instructions. VIFs should be completed and returned in accordance with its instructions. As indicated in the VIF, Internet voting is also allowed. The results of the VIFs received from NOBOs will be tabulated and appropriate instructions respecting voting of Common Shares to be represented at the Meeting will be provided to the registered Shareholders.

The forms of VIF requesting voting instructions supplied to Beneficial Shareholders are substantially similar to the Proxy provided directly to the registered Shareholders by the Corporation, however, their purpose is limited to instructing the registered Shareholder how to vote on behalf of the Beneficial Shareholder. A VIF has its own return instructions, which should be carefully followed by Beneficial Shareholders to ensure their Common Shares are voted at the Meeting.

Most brokers now delegate responsibility for obtaining voting instructions from OBOs to Broadridge Investor Communications in Canada and the United States of America. Broadridge prepares a machine-readable VIF, mails the VIF and other proxy materials for the Meeting to OBOs and asks them to return the VIF to Broadridge. It then tabulates the results of all instructions received and provides appropriate instructions respecting the voting of Common Shares to be represented at the Meeting.

A Beneficial Shareholder may use their VIF to vote their own Common Shares directly at the Meeting if the Beneficial Shareholder inserts their own name as the name of the person to represent them at the Meeting. The VIF must be returned to Computershare, Broadridge or other Intermediary well in advance of the meeting to have the Common Shares voted. Beneficial Shareholders should carefully follow the instructions set out in the VIF including those regarding when and where the VIF is to be delivered.

Shareholders with any questions respecting the voting of Common Shares held through a broker or other Intermediary, should contact that broker or other Intermediary for assistance.

UNITED STATES SHAREHOLDERS

This solicitation of Proxies and VIFs involves securities of a company located in Canada and is being effected in accordance with the corporate and securities laws of the province of British

Columbia, Canada. The proxy solicitation rules under the United States Securities Exchange Act of 1934, as amended, are not applicable to the Corporation or this solicitation. Shareholders should be aware that disclosure and proxy solicitation requirements under the securities laws of British Columbia, Canada differ from the disclosure and proxy solicitation requirements under United States securities laws.

The enforcement by Shareholders of civil liabilities under United States federal securities laws may be affected adversely by the fact that the Corporation is incorporated under the *Business Corporations Act* (British Columbia), some of its directors and its executive officers are residents of Canada and a substantial portion of its assets and the assets of such persons are located outside the United States. Shareholders may not be able to sue a foreign company or its officers or directors in a foreign court for violations of United States federal securities laws. It may be difficult to compel a foreign company and its officers and directors to subject themselves to a judgment by a United States court.

APPOINTMENT OF PROXYHOLDERS AND COMPLETION AND REVOCATION OF PROXIES AND VIFS

Only persons registered as Shareholders in the Corporation's Central Security Register maintained by its registrar and transfer agent or duly appointed proxyholders of registered Shareholders will be recognized or may make motions or vote at the Meeting.

The persons named (the "**Management Designees**") in the Proxy or VIF have been selected by the board of directors of the Corporation (the "**Board**") and have agreed to represent, as Proxyholder, the Shareholders appointing them.

A Shareholder has the right to designate a person (who need not be a Shareholder and, for a VIF, can be the appointing Shareholder) other than the Management Designees as their Proxyholder to represent them at the Meeting. Such right may be exercised by inserting in the space provided for that purpose on the Proxy or VIF the name of the person to be designated and by deleting therefrom the names of the Management Designees or, if the Shareholder is a registered Shareholder, by completing another proper form of Proxy and delivering the Proxy or VIF in accordance with its instructions. Such Shareholder should notify the nominee of the appointment, obtain the nominee's consent to act as Proxyholder and provide instructions on how their Common Shares are to be voted. The nominee should bring personal identification with them to the Meeting.

A Shareholder may indicate the manner in which the Proxyholders are to vote on behalf of the Shareholder, if a poll is held, by marking an "X" in the appropriate space of the Proxy. **If both spaces are left blank, the Proxy will be voted as recommended by management for any matter requiring a "For" or "Against" vote, and in favour of the matter for any matter requiring a "For" or "Withhold" vote.**

The Proxy, when properly signed, confers discretionary authority with respect to amendments or variations to the matters identified in the Notice of Meeting. As at the date of this Circular, the Corporation's management is not aware that any amendments or variations are to be presented at the Meeting. If any amendments or variations to such matters should properly come before the Meeting, the Proxies hereby solicited will be voted as recommended by management.

To be valid, the Proxy or VIF must be dated and executed by the Shareholder or an attorney authorized in writing, with proof of such authorization attached (where an attorney executed the Proxy or VIF). The completed Proxy or VIF must then be returned in accordance with its

instructions. Proxies (but not VIFs, unless the VIF has Computershare's name and address on the top right corner of the first page) and proof of authorization can also be delivered to the Corporation's transfer agent, Computershare Investor Services Inc. (Attn: Proxy Department), by fax within North America at 1-866-249-7775, outside North America at (+1) 416-263-9524, by mail to 9th Floor, 100 University Avenue, Toronto, Ontario M5J 2Y1, Canada or by hand delivery to 3rd Floor, 510 Burrard Street, Vancouver, British Columbia, V6C 3B9, Canada at least 48 hours, excluding Saturdays, Sundays and holidays, before the Meeting or any adjournment thereof. Proxies and VIFs received after that time may be accepted or rejected by the Chairman of the Meeting in the Chairman's discretion, and the Chairman is under no obligation to accept or reject late Proxies.

A Proxy will be revoked by a Shareholder personally attending at the Meeting and voting their Common Shares. A Shareholder may also revoke their Proxy in respect of any matter upon which a vote has not already been held by depositing an instrument in writing (which includes an Proxy bearing a later date) executed by the Shareholder or by their authorized attorney in writing, or, if the Shareholder is a company, under its corporate seal by an officer or attorney thereof duly authorized, at the office of the transfer agent at one of Computershare's addresses set out above, the office of the Corporation (Attn: Kim Casswell) at Suite 501, 543 Granville Street, Vancouver, British Columbia, V6C 1X8, Canada (or by fax to (+1) 604-688-1157) or the registered office of the Corporation at DuMoulin Black LLP (Attn: Lucy Schilling), 10th Floor, 595 Howe Street, Vancouver, British Columbia V6C 2T5, Canada (or by fax to (+1) 604-687-8772) at any time up to and including the last business day preceding the date of the Meeting, or any adjournment thereof, or by depositing the instrument in writing with the Chairman of such Meeting, prior to the commencement of the Meeting or of any adjournment thereof. VIFs may only be revoked in accordance with their specific instructions.

VOTING OF PROXIES AND VIFS

Voting at the Meeting will be by a show of hands, each registered Shareholder and each Proxyholder having one vote, unless a poll is required (if the number of Common Shares represented by Proxies and VIFs that are to be voted against a motion are greater than 5% of the votes that could be cast at the Meeting) or requested, whereupon each registered Shareholder and Proxyholder is entitled to one vote for each Common Share held or represented, respectively.

Each Shareholder may instruct their Proxyholder how to vote their Common Shares by completing the blanks on the Proxy or VIF. All Common Shares represented at the Meeting by properly executed Proxies and VIFs will be voted or withheld from voting when a poll is requested or required and, where a choice with respect to any matter to be acted upon has been specified in the Proxy or VIF, such Common Shares will be voted in accordance with such specification. **In the absence of any such specification on the Proxy or VIF as to voting, the Management Designees, if named as Proxyholder or nominee, will vote in favour of the matters set out therein.**

The Proxy or VIF confers discretionary authority upon the Management Designees, or other person named as Proxyholder, with respect to amendments to or variations of matters identified in the Notice of Meeting. As of the date hereof, the Corporation is not aware of any amendments to, variations of or other matters which may come before the Meeting.

To approve a motion proposed at the Meeting a majority of greater than 50% of the votes cast will be required (an "ordinary resolution") unless the motion requires a "special resolution" in which case a majority of 66-2/3% of the votes cast will be required.

QUORUM

The Corporation's Articles provide that a quorum for the transaction of business at any meeting of Shareholders is two Shareholders entitled to vote at the meeting whether in person or by proxy who hold, in the aggregate, at least 5% of the issued shares entitled to vote at the meeting. No business, other than the election of a chair of the meeting and the adjournment of the meeting, shall be transacted at any meeting unless the requisite quorum be present at the time of the commencement of the meeting, but such quorum need not be present throughout the meeting. If a quorum is not present at the opening of a meeting of shareholders, the chair of the meeting may, and if so directed by the persons present and entitled to vote must, adjourn the meeting to a fixed time and place but may not transact any other business. If, within one-half hour from the time set for the holding of a meeting of Shareholders (other than a meeting requisitioned by Shareholders), a quorum is not present, the meeting stands adjourned to the same day in the next week at the same time and place.

VOTING SHARES AND PRINCIPAL HOLDERS THEREOF

The Corporation is authorized to issue an unlimited number of Common Shares, which are the only shares entitled to be voted at the Meeting. As at October 15, 2018 (the "Record Date"), the Corporation had 30,993,850 Common Shares issued and outstanding. Shareholders are entitled to one vote for each Common Share held.

To the knowledge of the directors and executive officers of the Corporation, no one beneficially owned, directly or indirectly, or exercised control or direction over, voting securities carrying more than 10% of the voting rights attached to the Common Shares as at the Record Date except as indicated below:

Name	Number of Common Shares Owned or Controlled at the Record Date	Percentage of Outstanding Common Shares
Exploration Capital Partners 2012 Limited Partnership Carlsbad, CA, U.S.A.	4,500,000	14.52%

STATEMENT OF EXECUTIVE COMPENSATION

Unless otherwise noted the following information is for the Corporation's last completed financial year (which ended March 31, 2018).

Named Executive Officers

In this section, "Named Executive Officer" means each of the following individuals:

- (a) the Corporation's chief executive officer, including an individual performing functions similar to a chief executive officers (the "CEO");
- (b) the Corporation's chief financial officer, including an individual performing functions similar to a chief financial officer (the "CFO");
- (c) the most highly compensated executive officer of the Corporation and its subsidiaries, other than the CEO and CFO, at the end of the most recently completed financial year whose total compensation was more than \$150,000, as

determined in accordance with subsection 1.3(5) of Form 51-102F6V *Statement of Executive Compensation – Venture Issuers*, for that financial year; and

- (d) each individual who would be a Named Executive Officer under paragraph (c) but for the fact that the individual was not an executive officer of the Corporation and was not acting in a similar capacity, at the end of that financial year.

The Corporation's Named Executive Officers (“**NEOs**”) for the purposes of this section are Brad Peters (President and CEO), Douglas Reed (CFO) and Rory Ritchie (VP, Exploration).

Compensation Discussion and Analysis

Compensation to be awarded or paid to the Corporation's directors and/or executive officers, including NEO's, consists primarily of management fees, stock options and bonuses. Payments may be made from time to time to executive officers, including NEOs, or companies they control for the provision of consulting or management services. Such services are paid for by the Corporation at competitive industry rates for work of a similar nature by reputable arm's length services providers. The Board will from time to time determine the stock option grants to be made pursuant to the Stock Option Plan after consultation with the Corporation's Compensation Committee. See “*Description of Stock Option Plan*” herein. In addition, it is anticipated that the Board may award bonuses, in its sole discretion, to executive officers, including NEOs, from time to time after consultation with the Corporation's Compensation Committee.

In assessing the compensation of its directors and executive officers, including the NEOs, the Corporation does not have in place any formal objectives, criteria or analysis. Compensation payable to executive officers and directors is currently reviewed and recommended by the Corporation's Compensation Committee, and ultimately approved by the Board, on an annual basis. The Corporation has not established any specific performance criteria or goals to which total compensation or any significant element of total compensation to be paid to any NEO is dependent. NEOs' performance is reviewed in light of the Corporation's objectives from time to time and such officers' compensation is also compared to that of executive officers of companies of similar size and stage of development in the mineral exploration industry. Though the Corporation does not have pre-existing performance criteria, objectives or goals, the Corporation's Compensation Committee reviews all compensation arrangements and policies in place.

Management fee payments made to NEOs for management services provided to the Corporation in connection with their executive officer duties are the only form of compensation awarded to, earned by, paid or payable to the NEOs for the most recently completed financial year ending March 31, 2018.

The Corporation continues to aim to manage its working capital efficiently and as a result, there were no base salary increases paid to the NEOs during the last financial year.

Summary Compensation Table

The following table contains a summary of the compensation paid to the NEOs during the Corporation's most recently completed financial year.

- (1) The “grant date fair value” of options has been determined by using the Black-Scholes model. See discussion below. The stock option benefit is the grant date fair value using the Black-Scholes option pricing model using the following weighted average assumptions: stock price - \$0.20, exercise price - \$0.20, an option life of 5 years, a risk-free interest rate of 1.12% and a volatility of 100%. See the table under “Incentive Plan Awards” for the ‘in-the-money’ value of these options on March 31, 2018.
- (2) Pursuant to a consulting agreement between the Corporation and BJP Consulting., Mr. Peter’s remuneration was paid by BJP Consulting. See “*Statement of Executive Compensation – External Management Companies*” for a description of the material terms of the consulting agreement.
- (3) Brad Peters received \$76,000 compensation for being President and CEO and \$Nil for being a director.
- (4) Pursuant to a Management Services Agreement between the Corporation and Seabord Services Corp., Mr. Reed’s remuneration was paid by Seabord. See “*Management Contracts*” for a description of the material terms of the Management Services Agreement.
- (5) Pursuant to a consulting agreement between the Corporation and Rory Ritchie Geological Consulting, Mr. Ritchie’s remuneration was paid by Rory Ritchie Geological Consulting. See “*Statement of Executive Compensation – External Management Companies*” for a description of the material terms of the consulting agreement.
- (6) Rory Ritchie received \$67,800 compensation for being VP, Exploration and \$Nil for being a director.
- (7) No amounts are shown for 2016 as the Corporation did not become a reporting issuer until October 23, 2017.

The Corporation has calculated the “grant date fair value” amounts in the ‘Option-based Awards’ column using the Black-Scholes model, a mathematical valuation model that ascribes a value to a stock option based on a number of factors in valuing the option-based awards, including the exercise price of the options, the price of the underlying security on the date the option was granted, and assumptions with respect to the volatility of the price of the underlying security and the risk-free rate of return. Calculating the value of stock options using this methodology is very different from a simple “in-the-money” value calculation. Stock options that are well “out-of-the-money” can still have a significant “grant date fair value” based on a Black-Scholes valuation. Accordingly, caution must be exercised in comparing grant date fair value amounts with cash compensation or an in-the-money option value calculation. The total compensation shown in the last column is the total compensation of each NEO reported in the other columns. The value of the in-the-money options currently held by each NEO (based on Common Share price less option exercise price) is set forth in the ‘Value of Unexercised in-the-money Options’ column of the “Outstanding Share-Based and Option-Based Awards” table below.

Incentive Plan Awards

Outstanding Share-Based and Option-Based Awards

The following table sets out, for each NEO, the incentive stock options to purchase Common Shares under a stock option plan (the “**Option Plan**”) (option-based awards) and share-based awards held as of the last financial year (March 31, 2018). The closing price of the Common Shares on the TSX Venture Exchange (“**TSXV**”) on that date was \$0.14 per share.

Name & Position	Option-based Awards				Share-based Awards		
	Number of securities underlying unexercised options (vested-unvested)	Option exercise price (per share)	Option expiration date (m/d/y)	Value of unexercised 'in-the-money' options (\$)	Number of shares or units of shares that have not vested (#)	Market or payout value of share-based awards that have not vested (\$)	Market or payout value of share-based awards that have vested but have not been paid out (\$)
Brad Peters President & CEO	150,000 – 50,000 50,000 – 50,000	\$0.20 \$0.20	6/23/2022 5/27/2020	Nil Nil	N/A	N/A	N/A
Douglas Reed CFO	75,000 – 25,000 20,000 – 20,000	\$0.20 \$0.20	6/23/2022 5/27/2020	Nil Nil	N/A	N/A	N/A
Rory Ritchie VP, Exploration	150,000 – 50,000 50,000 – 50,000	\$0.20 \$0.20	6/23/2022 5/27/2020	Nil Nil	N/A	N/A	N/A

The Board's approach to recommending options to be granted is consistent with prevailing practice in the mineral exploration industry. Grants of options depend on the length of service of the NEOs. There are, therefore, no formulae followed or performance goals or significant conditions which must be met before options will be granted.

Option-based Awards Exercised During the Year

The following table sets forth the particulars of option-based awards that were exercised during the Corporation's by the NEOs during the last financial year.

Douglas Reed CFO	Nil	N/A	N/A	Nil
Rory Ritchie VP, Exploration & Director	Nil	N/A	N/A	Nil

Termination and Change of Control Benefits

Other than described above under 'Summary Compensation Table – Employment, Consulting and Management Agreements', the Corporation has not provided or agreed to provide any compensation to any NEOs as a result of a change of control of the Corporation, its subsidiaries or affiliates.

External Management Companies

None of Brad Peters, Douglas Reed nor Rory Ritchie, each a NEO, are employees of the Corporation.

Pursuant to the consulting agreement dated August 24, 2017 (the “**BJP Consulting Agreement**”) between the Corporation and BJP Consulting (“**BJP Consulting**”), the Corporation has engaged BJP Consulting, and through BJP Consulting, Brad Peters, to provide various services in connection with performing the function of President and CEO of the Corporation. Seabord employs Douglas Reed, the Corporation’s CFO, who provides services to the Corporation, including accounting and financial services, pursuant to the Seabord Services Agreement. Seabord also provides the services of Kim Casswell, the Corporation’s Corporate Secretary and an employee of Seabord, and office space to the Corporation pursuant to the Seabord Services Agreement.

RRGC Consulting is a company wholly owned by Mr. Ritchie.

See “*Statement of Executive Compensation – Employment, Consulting and Management Agreements*” below for further details regarding the Seabord Services Agreement, BJP Consulting Agreement and RRGC Consulting Agreement.

Option-based Awards Exercised During the Year

Stock Option Plan

The Stock Option Plan is to be used to grant stock options to directors, officers (including NEOs), employees and consultants of the Corporation, as additional compensation and as an opportunity to participate in the success of the Corporation. The granting of such options is intended to align the interests of such persons with that of the Shareholders.

In determining the number of options to be granted to directors or executive officers, including the NEOs, the Board will take into account, among other things:

- the number of options, if any, previously granted to each director or executive officer; and
- the exercise price of any outstanding options to ensure that such grants are in accordance with the policies of the TSXV and closely align the interests of the directors and executive officers with the interests of Shareholders.

The independent members of the Board have the responsibility of administering the compensation policies related to the directors and executive management of the Corporation, including option-based awards. The Stock Option Plan has not yet been approved by the Shareholders of the Corporation. Approval of the Stock Option Plan will be sought at the Meeting. See "*Description of Option Plan*" for the material terms of the Stock Option Plan.

Employment, Consulting and Management Agreements

The Corporation is not party to any agreement or arrangement under which compensation was provided during the most recently completed financial year or is payable in respect of services provided to the Corporation or any of its subsidiaries that were performed by a director or NEO or performed by any other party but are services typically provided by a director or NEO, other than: (i) the BJP Consulting Agreement; (ii) the Seabord Services Agreement (iii) the RRG Consulting Agreement; (iv) the advisory board agreement dated June 7, 2016 between the Corporation and Dr. Paul Johnston, P. Geo. (1) Represents outstanding options, (vested or unvested) to purchase Common Shares as at March 31, 2018. Approval and ratification of the Stock Option Plan will be sought at the Meeting. See "Description of Option Plan" below.

(2) As at March 31, 2018, excluding the number of Common Shares issuable upon exercise of outstanding options shown in the second column.

Description of Option Plan

The Board has adopted a stock option plan (the “**Stock Option Plan**”) whereby the maximum number of Common Shares that may be reserved for issuance under outstanding stock options is 10% of the Corporation’s issued and outstanding Common Shares on a non-diluted basis, as constituted on the date of any grant of options under the Stock Option Plan. The purpose of the Stock Option Plan is to allow the Corporation to grant options to directors, officers, employees and consultants, as additional compensation and as an opportunity to participate in the success of the Corporation. The granting of such options is intended to align the interests of such persons with that of the Corporation’s shareholders.

Under the Stock Option Plan, options will be exercisable over periods of up to 10 years as determined by the Board and are required to have an exercise price no less than the closing market price of the Common Shares on the trading day immediately preceding the day on which the Corporation announces the grant of options (or, if the grant is not announced, the date specified in an Option Agreement as the date on which the option is granted), less the applicable discount, if any, permitted by the policies of the TSXV and approved by the Board. Pursuant to the Stock Option Plan, the Board may from time to time authorize the issue of options to directors, senior officers, employees and consultants of the Corporation and its subsidiaries or employees of companies providing management or consulting services to the Corporation or its subsidiaries. The maximum number of Common Shares which may be issued pursuant to options previously granted and those granted under the Stock Option Plan or any other stock option plan of the Corporation will be 10% of the issued and outstanding Common Shares at the time of the grant. In addition, the number of Common Shares which may be reserved for issuance to any one individual may not exceed (without the requisite disinterested shareholder approval) 5% of the issued Common Shares on a yearly basis or 2% if the optionee is engaged in investor relations activities or is a consultant. The Stock Option Plan permits the Board to specify a vesting schedule in its discretion, subject to the TSXV’s minimum vesting requirements, if any. Unless otherwise specified by the Board at the time of granting an option, and subject to the other limits on option grants set out in the Stock Option Plan, all options granted under the Stock Option Plan shall vest and become exercisable in full upon grant, except options granted to consultants performing investor relations activities, which options must vest in stages over twelve months with no more than one-quarter of the options vesting in any three month period.

The Stock Option Plan provides that if a change of control (as defined in the Stock Option Plan) occurs, or if the Corporation is subject to a take-over bid, all Common Shares subject to options shall immediately become vested and may thereupon be exercised in whole or in part by the option holder. The Board may also accelerate the expiry date of outstanding options in connection with a take-over bid.

The Stock Option Plan contains adjustment provisions with respect to outstanding options in cases of share reorganizations, special distributions and other corporation reorganizations including an arrangement or other transaction under which the business or assets of the Corporation become, collectively, the business and assets of two or more companies with the same shareholder group upon the distribution to the Corporation’s shareholders, or the exchange with the Corporation’s shareholders, of securities of the Corporation or securities of another Corporation.

The Stock Option Plan provides that on the death or disability of an option holder, all vested options will expire at the earlier of 365 days after the date of death or disability and the expiry date of such options. Where an optionee is terminated for cause, any outstanding options (whether vested or unvested) are cancelled as of the date of termination. If an optionee retires or voluntarily resigns or is otherwise terminated by the Corporation other than for cause, then all vested options

held by such optionee will expire at the earlier of (i) the expiry date of such options and (ii) the date which is 90 days (30 days if the optionee was engaged in investor relations activities) after the optionee ceases its office, employment or engagement with the Corporation.

The Stock Option Plan contains a provision that if pursuant to the operation of an adjustment provision of the Stock Option Plan, an optionee receives options (the “**New Options**”) to purchase securities of another Corporation (the “**New Corporation**”) in respect of the optionee’s options under the Stock Option Plan (the “**Subject Options**”), the New Options shall expire on the earlier of: (i) the expiry date of the Subject Options; (ii) if the optionee does not become an eligible person in respect of the New Corporation, the date that the Subject Options expire pursuant to the applicable provisions of the Stock Option Plan relating to expiration of options in cases of death, disability or termination of employment discussed in the preceding paragraph above (the “**Termination Provisions**”); (iii) if the optionee becomes an eligible person in respect of the New Corporation, the date that the New Options expire pursuant to the terms of the New Corporation’s stock option plan that correspond to the Termination Provisions; and (iv) the date that is one (1) year after the optionee ceases to be an eligible person in respect of the New Corporation or such shorter period as determined by the Board.

All outstanding options of the Corporation are governed by the Stock Option Plan, including those issued prior to the implementation of the Stock Option Plan; however, any vesting schedule imposed by the Corporation’s previous stock option plan or stock option agreements in respect of any options issued prior to the implementation of the Stock Option Plan will remain in full force and effect. In accordance with good corporate governance practices and as recommended by National Policy 51-201 – *Disclosure Standards*, the Corporation imposes black-out periods restricting the trading of its securities by directors, officers, employees and consultants during periods surrounding the release of annual and interim financial statements and at other times when deemed necessary by management and the Board. In order to ensure that holders of outstanding options are not prejudiced by the imposition of such black-out periods, the Stock Option Plan contains a provision to the effect that any outstanding options with an expiry date occurring during a management imposed black-out period or within five trading days thereafter will be automatically extended to a date that is 10 trading days following the end of the black-out period.

CORPORATE GOVERNANCE

National Policy 58-101 *Disclosure of Corporate Governance Practices* of the Canadian securities administrators requires the Corporation to annually disclose certain information regarding its corporate governance practices. That information is disclosed below.

Board of Directors

The Corporation’s Board consists of 4 directors, 2 of whom are independent based upon the tests for independence set forth in NI 52-110. Larry Donaldson and Keith Henderson are independent. Brad Peters is not independent as he is the President and CEO of the Corporation. Rory Ritchie is not independent as he is the VP, Exploration of the Corporation.

Directorships

The following directors of the Corporation also serve as directors of other reporting issuers:

Name of Director	Other Reporting Issuer	Name of Exchange or Market
Brad Peters	N/A	N/A
Rory Ritchie	N/A	N/A
Larry Donaldson	N/A	N/A
Keith Henderson	Velocity Minerals Ltd.	TSX.V
	Centenera Mining Corp.	TSX.V
	Cardero Resource Corp.	TSX.V

Orientation and Continuing Education

The Corporation's corporate governance committee (the "**Corporate Governance Committee**") is responsible for, among other things, providing suitable programs, with the assistance of management, for the orientation of new directors and the continuing education of incumbent directors. Each new director is given an outline of the nature of the Corporation's business, its corporate strategy, and current issues within the Corporation. New directors are encouraged to review the Corporation's public disclosure records and are also required to meet with management of the Corporation to discuss and better understand the Corporation's business and are given the opportunity to meet with counsel to the Corporation to discuss their legal obligations as directors of the Corporation.

Board members are encouraged to communicate with management, auditors and technical consultants; to keep themselves current with industry trends and developments and changes in legislation with management's assistance; and to attend related industry seminars and visit the Corporation's operations. Board members have full access to the Corporation's records.

Ethical Business Conduct

The Board views good corporate governance as an integral component to the success of the Corporation and to meet responsibilities to shareholders. The Board has adopted a Code of Conduct and has instructed its management and employees to abide by the Code.

Nomination of Directors

The Corporation does not have a stand-alone nomination committee. The Corporate Governance Committee is responsible for, among other things, identifying and recommending qualified candidates for appointment, election and re-election to the Board and its committees. The Corporate Governance Committee consists of Brad Peters (Chair), Larry Donaldson and Keith Henderson. In recommending candidates to the Board, the Corporate Governance Committee considers, among other factors and in the context of the needs of the Board, potential conflicts of interest, professional experience, personal character, diversity, outside commitments and particular areas of expertise. The Corporation's management is continually in contact with individuals involved with public sector issuers. From these sources management has made numerous contacts and if the Corporation requires any new directors, such individuals will be brought to the attention of the Corporate Governance Committee. The Corporation conducts due diligence, reference and background checks on any suitable candidate. New nominees must have

a track record in general business management, special expertise in an area of strategic interest to the Corporation, the ability to devote the time required, integrity of character and a willingness to serve.

Compensation

The Corporation's compensation committee (the "**Compensation Committee**") is responsible for, among other things, reviewing and recommending to the Board all compensation arrangements for the executive officers and directors of the Corporation, including stock option grants. The Compensation Committee consists of Keith Henderson (Chair), Larry Donaldson and Brad Peters. The independent members of the Compensation Committee are Larry Donaldson and Keith Henderson. These directors have the responsibility for approving compensation for executive officers of the Corporation who are also members of the Board.

To determine the recommended compensation payable, the Compensation Committee will review compensation paid for directors and executive officers of companies of similar size and stage of development in the mineral exploration industry and determines an appropriate compensation reflecting the need to provide incentive and compensation for the time and effort expended by the directors and executive officers while taking into account the financial and other resources of the Corporation.

In setting the compensation, the Compensation Committee will annually review the performance of the executive officers in light of the Corporation's objectives and consider other factors that may have impacted the success of the Corporation in achieving its objectives. For further information regarding the how the Corporation determines compensation for its directors and executive officers, see "*Statement of Executive Compensation*".

Other Board Committees

As the directors are actively involved in the operations of the Corporation and the size of the Corporation's operations does not warrant a larger board of directors, the Board has determined that additional committees are not necessary at this stage of the Corporation's development.

Assessments

The Board does not consider that formal assessments would be useful at this stage of the Corporation's development. The Board conducts informal annual assessments of the Board's, and each individual directors' effectiveness. The contributions of an individual director is informally monitored by the other Board members, having in mind the business and other strengths of the individual and the purpose of originally nominating the individual to the Board.

To assist the Board in its assessment, the Board may receive reports from the Corporate Governance Committee regarding its assessment of the functioning of the Board and reports from each committee respecting its own effectiveness. As part of the assessments, the Board or the individual committee may review their respective mandate or charter and conduct reviews of applicable corporate policies.
