

## Pacific Empire Announces Staking of New Project

**November 3, 2021 - Vancouver, BC, Canada** - Pacific Empire Minerals Corp. (TSXV: PEMC) (OTCQB: PEMS) (“Pacific Empire”, “PEMC” or the “Company”), a British Columbia copper explorer, is pleased to announce that it has staked three mineral tenures (the “Abby Property”) totaling 5,441 hectares, located adjacent to Northwest Copper Corp.’s Kwanika Property.

### Project Highlights

- Land position 5,441 hectares
- Adjacent to PEMC’s Pinnacle Property
- Adjacent to Northwest Copper Corp.’s Kwanika Property

*“We are very excited to have acquired this ground through staking,” commented Brad Peters, CEO of Pacific Empire. “Following the release of very impressive drill results by Northwest Copper at their Kwanika Project, all of the available ground to the east of the Kwanika Property was staked. Fortunately, PEMC has a robust database of prospective target areas which allowed us to beat the staking rush and secure the ground we wanted. This strategic acquisition brings our land position to over 320 sq km, making us one of the dominant explores in this belt.”*

#### Forward-Looking Statements

*Information set forth in this news release may involve forward-looking statements under applicable securities laws. Forward-looking statements are statements that relate to future, not past, events. In this context, forward-looking statements often address expected future business and financial performance, and often contain words such as "anticipate", "believe", "plan", "estimate", "expect", and "intend", statements that an action or event "may", "might", "could", "should", or "will" be taken or occur, or other similar expressions. All statements, other than statements of historical fact, included herein including, without limitation are forward-looking statements. By their nature, forward-looking statements involve known and unknown risks, uncertainties and other factors which may cause our actual results, performance or achievements, or other future events, to be materially different from any future results, performance or achievements expressed or implied by such forward-looking statements. Such factors include, among others, the following risks: the need for additional financing; operational risks associated with mineral exploration; fluctuations in commodity prices; title matters; environmental liability claims and insurance; reliance on key personnel; the potential for conflicts of interest among certain officers, directors or promoters with certain other projects; the absence of dividends; competition; dilution; the volatility of our common share price and volume and the additional risks identified the management discussion and analysis section of our interim and most recent annual financial statement or other reports and filings with the TSX Venture Exchange and applicable Canadian securities regulations. Forward-looking statements are made based on management's beliefs, estimates and opinions on the date that statements are made, and the Company undertakes no obligation to update forward-looking statements if these beliefs, estimates and opinions or other circumstances should change, except as required by applicable securities laws. Investors are cautioned against attributing undue certainty to forward-looking statements.*
